

## Start a game reaction

### How to take this break

Set aside some space at work for a game such as scrabble. Let everyone contribute by adding a word to the board. Keep this going until the board is full and start the game again. Other game suggestions are brain teasers, chess and crossword puzzles.

### Why this counts - Relaxing

Taking time away from your desk to relax and enjoy a game or creative activity is a great, productive way of releasing stress.
