

Workplace Strategies for Mental Health

An initiative of the Great-West Life Centre for Mental Health in the Workplace

Take Your Break

Energy shake

How to take this break

Stand up at your desk, sit on your chair or in a place you're comfortable, and shake all over!

Why this counts - **Energizing**

Shaking all over can have the effect of energizing your body, releasing painful tension in shoulders and arms, and providing a positive mental health break too.

Go to [Workplace Strategies for Mental Health](https://www.workplacestrategiesformentalhealth.com) for more ideas, tools and resources to help with the prevention, intervention and management of workplace mental health issues.

Ideas for this activity were contributed by

Dr. Callum Peever, Erin Mills Optimal Health.

Take Your Break activities should be approved by your employer/leader prior to initiating them. Take Your Break activities are provided for general information only and are not intended to be a substitute for medical advice. Always consult your physician or appropriate health care provider with respect to your particular circumstances.
